Riverside Fields-Bluffs Park **Neighborhood Park Meeting**

Come and discuss options for your new park at Foothill Trail and Crossings Blvd.

The City is creating a concept design for the park, with playground installation and limited other improvements during 2011.

This park has been identified in the City's Capital Improvement Program for "Active Uses," and the concept design may include: ball fields, ice skating, hockey, parking, and supporting structures.

Please come and help shape your park!
