Basketball

This fun, skill-intensive program is designed with the beginning to intermediate player in mind. Using our progression curriculum, our basketball staff focus on the whole player, teaching your child the skills needed both on and off the court to be a better athlete. Each day will start with a "skill of the day" and progress into drills and games. After a week of passing, shooting, dribbling, and rebounding, your child will show you why this is one of our most popular programs. Please bring two snacks, appropriate clothing and water bottle.

SNAG Golf

Campers will learn the fundamentals of swinging, putting, and body positioning. Skyhawks has adopted the SNAG (Starting New At Golf) system to its curriculum. SNAG is specifically designed for the entry-level player; SNAG simplifies instruction so that young players can make an easy and effective transition onto the golf course. For safety reasons we utilize special helmets for all campers and keep the instructor-to-camper ratio for this program very low, resulting in limited availability. All equipment provided. Please bring two snacks, sunscreen, appropriate clothing and water bottle. All participants receive a t-shirt and merit award.
