

2010 Bituminous Overlay Project

CONTRACT

The Shakopee City Council awarded the contract for the 2010 Bituminous Overlay to Chard Tiling & Excavating, Inc. of Belle Plaine, at the May 18, 2010 City Council Meeting.

PROJECT

What is the purpose of this project?

This project is to provide an improved smoother driving surface. An overlay is a structural improvement that renews the street surface and extends the life cycle of the original pavement. No major excavation will be performed.

CONSTRUCTION SCOPE

- In some areas the bituminous (blacktop) roadway surface will be milled near the curb. This construction will use a large machine to grind up the material.
- Poor street areas will be removed and patched with new bituminous.
- A new bituminous surface will be placed directly on to the existing surface.
- Interim and new permanent pavement striping will be installed.

Access to driveways:

Occasionally the contractor may be working directly in front of your driveway and access may be limited for a very short period of time (15 to 20 minutes). This work will not extend into any driveways.

Traffic: Traffic will be affected slightly, with a few road closings for short durations while paving. Driving lanes will be altered during construction activities. Please do not drive on the fresh blacktop until the rolling process is complete.

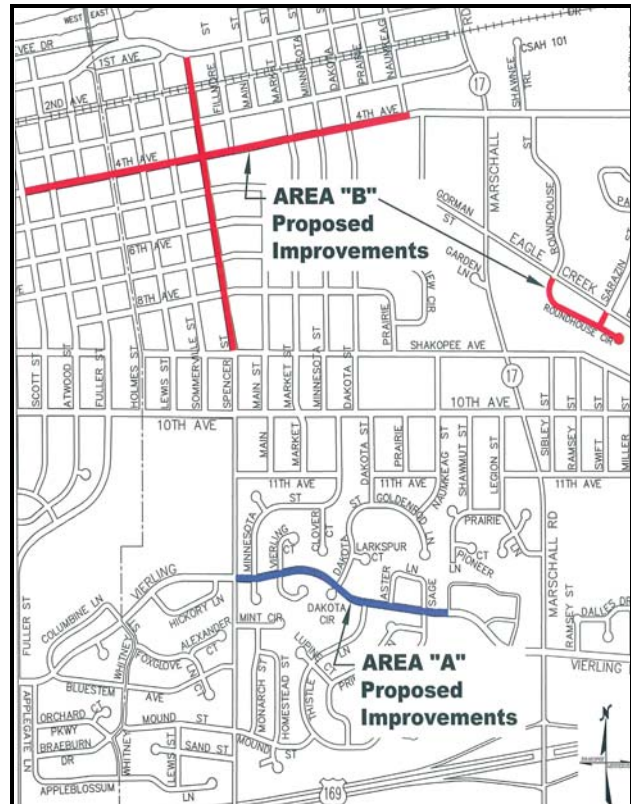

Parking:

On-street parking will be prohibited on the days that construction is in progress in each area.

SCHEDULE

The construction is scheduled to begin on June 18th on Vierling Drive, with milling of the roadway and street patching followed by the paving. When a more detailed estimated construction schedule is available it will be posted at www.ci.shakopee.mn.us/street_closings.cfm.

PROJECT AREA MAP

SAFETY FIRST!

Please keep a considerable distance away from all construction activities and equipment. Slowing the speed of all vehicles will be greatly appreciated. We all are striving for a safe and successful project. Please be patient when work is being performed in your area.

WHO DO I CALL?

The City of Shakopee Resident Project Representative for the project will be Jeff Evens. The following is his contact information:

Cell phone **612-369-4571**

Office number **952-233-9364**

Email jevens@ci.shakopee.mn.us.

If you have any questions, please call Jeff at your convenience
